Dear Mr. Carbonneau,

On behalf of The Calgary Fireworks Festival Society operating as GlobalFest I wish to extend our heartfelt appreciation to you for your work as the Competition Director of the 2006 and 2008 Trico Homes International Fireworks Competitions at GlobalFest. Under your leadership and the outstanding efforts of your various fireworks crews in 2008 we had a tremendous year. We've received notes of thanks from our various competitors on the great work your crews did to ensure the success of each international pyro-musical presentation.

A very special "Thank You" for The Most Amazing Finale Fireworks Presentation. GlobalFest has had the privilege of hosting and presenting many fireworks presentations since our inception in 2003, however, the fireworks display your team designed and presented set an impressively high standard. As we meet with volunteers, sponsors and public sector funders regarding the 2009 event, we hear from all our supporters of what an amazing display they were treated to on Finale night.

Our audiences were absolutely blown away by Apogee's finale night presentation this past August. You have left a truly lasting impression on our audiences, an impression that will challenge each of the international competitors for the 2009 event and future events beyond 2009.

Your presentation at the finale night was a proud moment for us as Canadians. We could not have asked for a better presentation to close off GlobalFest 2008. Your vast international experience and artistic sensitivity were evident throughout the presentation.

We look forward to the opportunity of working with you and the Apogee team in 2009 as you again fill the role of Competition Director and then also design and produce the Grand Finale fireworks presentation.

Sincere regards,

Ken Goosen
