To whom it may concern,

This letter is to confirm that Apogée Fireworks, under the direction of Alain Carbonneau, have presented all the firework shows on Lake St-Louis for the St-Jean Baptiste and Canada Day celebrations in Dorval, since 2005. Both shows are presented on barges with electrical firing.

We chose Apogée for their expertise and their safety measures. This company has produced memorable, innovative and personalized shows for thousands of spectators.

We are very pleased to recommend Apogée and Alain Carbonneau for any firework production.

For more information, please do not hesitate in contacting the undersigned.
